

*The McChord Way...Excellence, Innovation, Respect*

62 AW/CC Roll Call

4 Aug 2016

**Team McChord,**

Summer is now in full swing. For those with children, your days left to enjoy travel before the start of school is quickly diminishing. For some, if your leave balance is over 60 days, you need to use your leave or risk losing it by the end of September. For others, you may just need to recharge from this summer's incredibly busy Ops Tempo. Whatever situation you find yourself in, if you decide to travel remember to use sound risk management principles both in the U.S. and abroad. Our mission to **Deliver Safe and Reliable Global Airlift** can only be accomplished with our most valuable resource...you!

For those who can't make it out of the country for travel plans, remember that there are a lot of fun activities to do in the Pacific Northwest. Whether you plan to make it out to Paradise Valley for an adventurous hike at Mt. Rainier, go to Pikes Place Market in Seattle, or enjoy the Washington State Fair in Puyallup this September, please be vigilant of your surroundings. Make the most of your time here, but do it safely.

**On the Horizon...**

**Training Day [12 Aug]**

**Air Show & Warrior Expo [27-28 Aug]**

**AMC Family Day [2 Sep]**

**Labor Day [4 Sep]**

I appreciate what you do for the mission, for your country, and for each other. You and your families continue to make sacrifices and embody **Service Before Self**. Thank you!

*Leonard J. Kosinski*
