62 AW/CC Roll Call

14 August 2013

Team McChord,

Another great week! Still spending a lot of time learning, listening and absorbing, but I'm very quickly getting an appreciation for the breadth and depth of our amazing team. I had the good fortune to spend time with several of our mission partners this last week. We said farewell to COL Dallas Homas as he relinquished command of Madigan Army Medical Center to COL Ramona Fiorey, as well as I Corps CSM John Troxell and his wife Sandra as they head out to the senior enlisted position at US Forces Korea—a 4 star command. Our Air Force mission partners and I also had to opportunity to meet with Congressman Denny Heck, where we discussed joint basing and our efforts towards fostering a culture of dignity and respect. At Monday's Commanders Call I'll share some thoughts on what I've seen so far, as well as give you a better feel of who I am as an Airman. Look forward to seeing you all there!

Details regarding implementation is still forthcoming, but as I have said earlier, I promise to pass along information as soon I receive it.
