

Airlift Excellence...Right Here...Right Now!

62 AW/CC Roll Call

18 September 2013

Team McChord,

Today marks the Air Force's 66th birthday! Airmen like us have been shaping our service since the very beginning. We remember names like William Caldwell McChord, a great proponent of early Air Power who lost his life in an A-17 crash. We continue to honor the heroes that came before us by working together as a team and building on our shared heritage every day. Whom will we remember 66 years from now?

Last week I had the opportunity to meet with several congressional representatives in Washington D.C. and highlight the awesome work Team McChord Airmen are doing every day. Our nation is extremely grateful for your selfless service and we should all be proud that we are continuing a tradition of excellence that has provided unmatched Air Power for America since 1947!

Professionals of the Week

SrA Joshua Drake, 62nd APS

A1C Thomas Amato, 62nd APS
