

***Innovative Airmen...Airlift Excellence...Respect For All!***

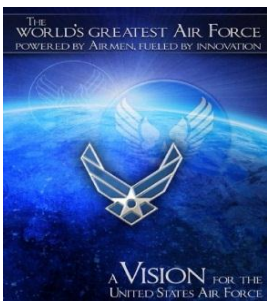

**62 AW/CC Roll Call**

**8 January 2014**

**Team McChord,**

*I hope you all had a safe and happy holiday season...**Happy New Year!** For those of you who spent the holidays answering the call of duty, I sincerely thank you for your sacrifices. We had a very successful, yet challenging 2013 and I know that success did not come without your hard work and professionalism. I ask that you continue this trend and think about a few things, including our updated vision and mission statement, as we enter this new and exciting year.*

**62 AW Vision: Innovative Airmen...Airlift Excellence...Respect For All!**

You will notice two important additions to our 62 AW vision; **Innovative Airmen** and **Respect For All**. As we continue to face fiscal challenges and significant force reductions, we need to look for smarter and **innovative** ways of doing business. Additionally, **respect** for each and every Team McChord Airmen must be a part of who we are, and what we require from each other. This time last year, the CSAF delivered his vision for the Air Force and I encourage you to take a few minutes to read it if you haven't already done so: <http://co.ng.mil/News/Pages/130110-vision.aspx>

**62 AW Mission: Develop and Sustain Airmen to Deliver Precision Global Airlift**

Our mission statement did not changed much and I must say you have been successfully accomplishing this mission for a long time! Our global airlift mission will continue to be vitally important even as our operations in Afghanistan wind down. We continue to be an integral part of the world's best precision global airlift force because of you and the partnerships we have with the **446 AW**, **627 ABG**, our **civilian Airmen** and our **Joint Base** partners. To see how we directly support our Air Force's core missions, take a look at this video by our CSAF, General Mark Welsh: <http://www.af.mil/News/ArticleDisplay/tabid/223/Article/466921/af-leaders-cite-airmen-as-bedrock-in-new-core-mission-document.aspx>

**FY14 Force Management**

I am sure you have seen and heard a lot about the upcoming Force Management programs and I hope you benefited from the town hall meetings this week. My team put together a cheat sheet that can help you understand the programs applicable to you and you can obtain a copy from your unit leadership. Be sure to contact your supervisor and review your individual PSDMs on myPers for more detailed information about each program. Also, please visit the 62d Airlift Wing webpage at: <http://www.62aw.af.mil/library/futureforceshaping.asp>
