Team McChord,

This week I had an awesome opportunity to help escort a group of visiting Congressional staff members around JBLM and listen to our Airmen tell the Team McChord story. It never ceases to amaze me how professional, innovative, and hardworking even our youngest Airmen are and how privileged I am to serve you. Tom Brokaw coined the phrase, "**Greatest Generation**" to identify the millions of Americans that suffered through the Great Depression as children, served during World War II, and advocated for incredible social and political reforms when they came home. I think historians will look back on the millions of Americans who have served in the military since 2001 with a similar level of admiration. This "**Innovation Generation**" grew up in the aftermath of 9/11, volunteered to serve during the longest period of conflict in American history, and is now transitioning back into civilian life. I'm excited to see how our nation will benefit from the skills, values, and discipline these heroes bring with them into the work force.

CCAF Graduation

This **Friday at 1300**, Team McChord will hold a graduation ceremony at the McChord Theater for the 196 Airmen that completed their Community College of the Air Force degree in the Fall of 2013 and Spring of 2014. Please come out as we recognize these outstanding Airmen for achieving an important professional and educational milestone!
