

Airlift Excellence...Innovative Airmen...Respect For All!

62 AW/CC Roll Call

4 March 2015

Team McChord,

Recently, I had the opportunity to meet with the McChord Spouses Club as well as meet with our Key Spouses during their recurring training. These events were a great reminder to me of the ***absolutely phenomenal support*** our spouses provide to us, to our Air Force family, and to our Nation. In my current position, I get to witness firsthand and hear the compelling stories about the incredible sacrifices our spouses and families make. Whether they're managing the day-to-day responsibilities of running a household or holding down another job, are covering down when our Airmen work long hours, or are the primary caregivers when our Airmen are TDY or deployed, military spouses and families play a critical role in the success of our Airmen and our mission. ***Thank You for making our Airmen, our AF, and our Nation stronger!***

AF Key Spouse Program

The Air Force Key Spouse Program is an official Air Force unit family readiness program designed to enhance mission readiness, resiliency, and establish a sense of community. It is a commander's initiative that promotes partnerships with unit leadership, families, volunteer Key Spouses, the Service Member and Family Readiness Center, and other agencies. Contact your Commander for more information on your unit's Key Spouse program.
