

*Airlift Excellence...Innovative Airmen...Respect For All!*

**62 AW/CC Roll Call**

**13 March 2015**

**Team McChord,**

Last week, Team McChord had the honor of celebrating our newest SMSgt Selects. As we congratulated these outstanding Airmen on this significant professional milestone, I thought about how important **continuous professional development** is in our Air Force. Our official professional military education courses like ALS, Course 15, SOS, and IDE may initially come to mind when we talk about professional development; but a continuum of professionalism means so much more. It's about how **frontline supervisors** engage with Airmen, it's about **mentorship** as we develop our next generation of Airmen, and it's about **personal accountability** in our everyday lives. We all have a duty to create and sustain an environment where every Airman has the opportunity to reach their full potential. Continuous professional development is just that, **continuous!**
