

The McChord Way...Excellence, Innovation, Respect

62 AW/CC Roll Call

15 Dec 2016

Team McChord,

As you all know, the 446 AW, 627 ABG, and 62 AW completed our Unit Effectiveness Inspections (UEI) last week. We as Team McChord did very well, earning an overall grade of Effective. Our Team received many accolades from the inspectors including the 62 AW having 6 IG coins given out, 17 individual recognitions, 6 team awards, and our Maintenance Group receiving “best in the last 10 inspections.” The 627 ABG garnered another 3 IG coins, 3 individual recognitions, and 4 team awards. You can find the names of the individuals and teams recognized on the following pages of this Roll Call. Please take a moment to congratulate those individuals as you see them around base, but this truly was a team effort and we couldn’t have done it without each and every one of you. Thank you all for your attitude and effort leading up to and during this inspection.

While our overall grade was Effective, do not interpret this to mean that we did not excel. The grading system recently changed to make receiving a Highly Effective grade much more difficult, if not nearly impossible, to attain. Under the previous scoring model, we would have been assessed as Highly Effective and that is a testament to the outstanding work that you produce every day!

Our success in this inspection was a culmination of your efforts over the past two years and I want to thank you for a job well done. That being said, the UEI isn’t like the Operational Readiness Inspection of the past. The UEI is a continuous inspection and improvement process and should reflect how we do business each and every day. Please continue to build upon the processes you’ve developed over the past two years. Look at the areas identified for improvement by the inspectors, and continue to embody *The McChord Way...Excellence, Innovation, Respect!*

In the coming weeks you will hear your Squadron leadership talk about the new JBLM Standards document (Little Blue Book for JBLM). This document talks about everything from the history of JBLM to the dress and appearance standards for all Airmen and Soldiers stationed at JBLM. Please take some time to familiarize yourself with this document. You can review it on the 62 AW SharePoint [here](#).

On the Horizon...
