

*The McChord Way...Excellence, Innovation, Respect*

62 AW/CC Roll Call

21 Oct 2016

## Team McChord,

General Dave Goldfein, our current Chief of Staff of the Air Force (CSAF), recently published the second iteration in a series of short papers with a focus on Joint Operations. His recent article **Strengthening Joint Leaders and Teams ... a Combined Arms Imperative** discusses how our ability to operate seamlessly as a joint force across multiple domains on a global scale is critical to ensuring mission success. Many of you may have seen the CSAF's recent YouTube video on social media outlets about the *Joint Warfighter*. If you haven't seen this short video yet, you can view it [HERE](#).

As we **Advance Joint Basing and Team McChord Partnerships** at Joint Base Lewis-McChord, I encourage each of you to be demanding customers and take advantage of the astounding opportunities afforded to you. We have the ability to train and conduct operations in garrison that normally occur only in the deployed environment. This helps reduce the need for downrange refresher training. Whether you're a loadmaster receiving additional training on loading Army assets or are a member of the legal team attending Navy-led joint training, these opportunities allow us to present readied forces to our combatant commanders. Many of us will deploy into a joint environment and a clear understanding of joint operations allows us to focus on the mission when it is most critical. Thank you for all that you do because each one of you supports the *Joint Warfighter* every day you serve your nation.

2. *Airmen are encouraged to provide the most candid answer possible as it will make the results more meaningful.*
3. *The survey is 100% anonymous and all information is protected within IG channels; therefore, nothing is released outside of AMC/IG or the Air Force Inspection Agency (AFIA).*
