EIS ECONOMIC INFLUENCE STATEMENT

U.S. AIR FORCE

The Economic Influence Statement (EIS) provides unclassified key information about the resources and economic impact of Joint Base Lewis-McChord (JBLM), McChord Field on the surrounding community. This document is provided for senior military officials, federal, state and local officials, as well as local business leaders and base visitors.

**McChord Field
FY 2016**

PURPOSE

An installation's economic impact on the local community is calculated by identifiable off-base local area spending from gross expenditures. The local area, or Economic Impact Region (EIR), includes all counties encompassing a 50-mile radius from the center of McChord Field. Local expenditures are included in McChord's total economic influence. All dollar figures are rounded to the nearest dollar. This information is current as of 30 September 2016.

PRIMARY WEAPON SYSTEM

The C-17 Globemaster III is the newest, most flexible cargo aircraft to enter the airlift force. The C-17 is capable of rapid strategic delivery of troops and all types of cargo to main operating bases or directly to forward bases in the deployment area. The aircraft is also capable of performing tactical airdrop missions when required. The inherent flexibility and performance of the C-17 force improves the ability of the total airlift system to fulfill the worldwide air mobility requirements of the United States. The C-17 has an unlimited flying range due to its ability to in-flight refuel. The aircraft travels at speeds up to approximately 575 miles per hour and has a cargo capacity of 85 tons. Currently, the 62d Airlift Wing has 48 assigned.
