Innovative Airmen...Airlift Excellence...Respect For All!

62 AW/CC Roll Call   **25 September 2014**

Team McChord,

I can't believe how time flies! Summer is already over and fall (and the rain) is in the air! As I reflect back on just how quickly the last year has flown by, I'm reminded how short our tours at each assignment can be. That much turnover could be a cause for concern in any organization. But we are fortunate to have an incredibly ***talented and dedicated civilian workforce***, who day in and day out, serve our Air Force and our Nation with honor and distinction.   In addition to the technical expertise and continuity they bring to our mission, our civilians also provide leadership and mentorship for our Active Duty and Reserve Airmen. Since many of our civilians know exactly what it's like to wear the uniform, the perspective they bring and the profound role they play in ***Leading People*** has become a cornerstone of our strength. To our civilians who help move the mission every day, ***we are successful because of your passion and unwavering commitment to excellence...THANK YOU!***
