

Airlift Excellence...Innovative Airmen...Respect For All!

62 AW/CC Roll Call

24 April 2015

Team McChord,

Where will your next vacation be? The beach? The mountains? A visit to see family and friends? Or maybe just relaxing at home? Just a quick reminder that the maximum leave you can carry over into the next fiscal year is 60 days. That means that on 1 Oct we will lose anything over that limit...so plan ahead! We put a lot of time and energy into maintaining the high standards our Nation and our Air Force expect of us. Living up to our Core Values of ***Integrity First, Service Before Self, and Excellence in All We Do*** requires that we take time off to relax, recover, and reconnect with our families. ***Our people are the most important weapon system we have*** and just like the C-17s on Delta and Juliet ramps, we need time for maintenance and rest. Leave is an important tool to help us maintain our ***work/life balance*** so that we are always ready to execute our **Global Reach** mission. So take the time to go on that tropical getaway you've been dreaming about. Or maybe you'd prefer to stay in the local area and enjoy a beautiful Pacific Northwest summer. Whatever the case, don't miss the opportunity to take some well-earned time off!

Total Force Climate Survey

You should have received an official email inviting you to participate in the 2015 Total Force Climate Survey. Please take a moment to respond to the survey before it closes on 27 April. This is a chance for you to share your honest opinions and perceptions of the Air Force with your AF leadership, and influence their future decisions!

For more information, please visit the AF Survey Office website:
